

# ESSENTIAL INFORMATION CHINA INCLUDING HONG KONG & TIBET

## PASSPORT AND VISA INFORMATION

Your passport needs to be valid for **at least six (6) months** after your journey ends, and should have a minimum of three (3) blank visa pages for entry and exit stamps.

### China

**A tourist visa is required for U.S. and Canadian passport holders for entry into China and must be obtained prior to departure.** A visa stamp in your passport can be obtained either by applying directly to a Chinese consulate or through a visa processing service. While there are additional costs involved in using a visa service, this option is available for guests who prefer additional assistance in the visa process.

U.S. citizens who have a passport with a remaining validity of one (1) year or more will be issued a multi-entry China visa that will be valid for 10 years. *Note: If you renew your passport after being issued a 10-year China visa, the visa will still remain valid for the full ten years. If you visit China again during this time, you will need to carry both your current, valid passport and the old passport with the 10-year China visa stamp.*

Those with passports that have less than one (1) year remaining validity will be issued a visa that is valid for 6 months. If your passport has less than one (1) year validity remaining, you must provide a signed letter stating you are aware that the consulate will not grant a visa greater than 6 months validity.

You may be asked to provide the name of the inviting agency hosting your stay in China on your visa application. In this instance, specify **A&K Hong Kong: Agency #350484**

Additionally, do NOT mention any planned travel to Tibet, which may result in your visa application being denied.

If you have ever travelled to Turkey or Afghanistan, you may be asked to provide a personal statement letter that includes specific dates and details about all visits. Your statement letter must include details for every immigration stamp for these countries in your current passport.

### Of Special Note for Canadian Passport Holders

The government of China requires all visa applicants in Canada to submit fingerprints. Applicants may submit fingerprints at Visa Application Centers located in Montreal, Toronto, Ottawa, Calgary, and Vancouver. These application centers are jurisdictional and you must submit your application to the specific center that covers the region of your home address. Additionally, Canadian citizens applying for a visa for China will need to provide proof of a round-trip or onward ticket and a comprehensive travel itinerary including hotel reservations. Financial proof such as a bank statement may also be required. It is imperative that we have this information **no later than 65 days prior to your departure** from the United States.

#### COVID-19 COUNTRY ENTRY REQUIREMENTS & TRAVEL ADVISORIES

China (including Tibet) and Hong Kong currently have no COVID-19 vaccination or testing requirements for entry for U.S. and Canadian residents. Visit the U.S. Department of State at [travel.state.gov](http://travel.state.gov) or the Government of Canada at [travel.gc.ca/travelling/advisories](http://travel.gc.ca/travelling/advisories) for up-to-date information.

#### YELLOW FEVER VACCINATION

A yellow fever vaccination is only required to enter **China** (including Tibet) if you are arriving from, or have transited through, a yellow fever-endemic area in South America or Africa. The CDC and WHO each provide a current list of all affected countries. If vaccination for yellow fever is necessary, you must carry an International Certificate of Vaccination provided by your physician; you may be denied entry without it. If your physician advises against receiving the vaccination because of your personal medical history, he or she can provide you with the necessary documentation for the country/countries you are visiting. Yellow fever vaccination is not required to enter **Hong Kong**.

#### CASH & CREDIT CARDS

**China:** Cash transactions should be made in Chinese renminbi. Hong Kong dollars cannot be used in China but are easily converted to renminbi. Major credit cards are widely accepted for goods and services. Access to ATM machines is widespread in cities and towns but may be limited in rural areas.

**Tibet:** Cash transactions should be made in Chinese renminbi. Major credit cards have limited acceptance for goods and services. Access to ATM machines is limited to a few locations in Lhasa and Shigatse.
